Camera experience or rotary experience

Small actor / actor / model

During my activities in my own company I worked e.g. for "Schwarzkopf & Henkel" and searched for models, arranged the castings, the photo-shootings and gave instructions for visagists and photographers.

Some years ago I took part in the promotional film for "Meister Propper" - dance role, supporting actor.

In the choice phase for the leading role in "Against the Wind/Gegen den Wind" I was among the last two.

However, due the lack of time I preferred to do my job behind the camera.
Other, see Datasheet.
